These upgrade offers are not conventional class changes. Before taking advantage of these upgrades, please check any flex offers from your health insurance company.

If you would like to make a class change, please contact our patient-administration team on +41 44 416 03 22, available from Monday to Friday from 7 a.m. to 5 p.m.
or by e-mail: kostensicherung@stadtspital.ch

As room occupancy is subject to strong fluctuations during the puerperium, we can only confirm your booking on admission to hospital. You may receive a full refund of the deposit paid.

Payment methods for the deposit (see declaration of consent)

The deposit must be paid in advance to our account via e-banking no later than 3 weeks before the expected date of birth (up to gestational week 37). Please state your name, date of birth and reference number as the reason for payment so that the payment can be allocated correctly.

The deposit paid is to be understood as a down payment. After leaving the hospital, you will receive an invoice with the actual costs. If these are higher than the deposit you have paid, the costs will be invoiced subsequently. If they are lower than the deposit you paid, the difference will be refunded to you by bank transfer.

Period of validity

The room upgrade only applies if there is sufficient free capacity.

It may also happen that during your stay the second bed in your room is needed for another patient. In this case, the offer will be terminated or interrupted, and your accompanying person will no longer be able to stay the night in your room. In this case, you will only pay the supplement for the nights during which you were able to use the room upgrade.

The offer can only be booked for the entire planned stay (of up to four nights; it cannot be booked for individual days/overnight stays) and can therefore only be cancelled prematurely by the Stadtspital (in the event of limited capacity, see above).

Please note: These prices also apply to employees of Stadtspital Zürich (STZ) - being employed at the STZ does not entitle you to any discounted upgrades or to occupy a single room.
