Advance registration by mail or telephone required (see contact details above)

Opening: Friday, 23 April 2021, 11 am–6 pm

Circulate!

A Conspiracy

With AOSAA & Angela Osterwalder & Sergio Antonio Araya, Maya Bringolf, Elisabeth Eberle, Ryan Gander, Anne Marie Jehle, Roman Selim Khereddine, Maya Lama, Angela Marzullo aka Makita, Vinzenz Meyner & Simeon Sigg, Christoph Oeschger, Dorian Sari, Raphael Stucky, Martina-Sofie Wildberger, NEW HEADS 2020: Flora Mottini

Originally scheduled for the spring of 2020, the group show *Circulate!* was to have been a direct formulation of the Helmhaus theme of 2020, which was circulation. Now both theme and exhibition have wafted over into 2021, and *Circulate!* is to focus on a subject that last year turned out to be a major preoccupation for us all, namely the circulation of air and all that it entails – both semantically and as a potential health hazard. You are cordially invited to both the media preview (advanced registration required) and our opening day. We would also be delighted if you would help circulate word of our show in your medium.

Events

In addition to the opening day and special tours for children, a programme of events including performances by Martina-Sofie Wildberger and Angela Marzullo and discussions with climate activists is currently in planning. Please consult our website www.helmhaus.org and social media for updates.
