Linus Julius, geboren am 17. Mai 2009

Committed to Excellence nach EFQM

Die Wahl des Namens kann einem bereits vor der Geburt des Kindes Freude und Kopfzerbrechen bereiten. Unzählig sind die Möglichkeiten, die Folgen schwerwiegend; schliesslich trägt man einen Namen ein Leben lang. Benennt man sein Kind nach Grossvater Otto oder Tante Ida? Oder doch lieber nach einem berühmten Star, so wie es die Eltern von Amy, Keanu, Rihanna und Madonna gemacht haben? Soll es denn ein Name sein, der im Trend liegt? Oder lieber nicht, damit das Kind dereinst ja nicht zwei Gspändli mit dem gleichen Namen in der Klasse hat? Aber was liegt denn überhaupt im Trend?

Zu dieser letzten Frage finden Sie die Antwort in dieser Broschüre. Alle Vornamen der im Jahr 2009 in der Stadt Zürich geborenen und wohnhaften Mädchen und Knaben sind in den folgenden Listen aufgeführt. Eines vorweg: Die beliebtesten Vornamen im vergangenen Jahr waren Lara bei den Mädchen und David bei den Knaben. Der Vorname David ist ein absolutes Phänomen. Seit Jahren steht er in der Beliebtheitsskala der künftigen Eltern ganz oben. Wie in jedem Jahr wurden die «Gewinner»-Namen, die im Vergleich zum Vorjahr besonders oft gewählt wurden – sowie die «Verlierer»-Namen, die im Vergleich zum Vorjahr seltener gewählt wurden – ermittelt. Demnach liegen bei den Mädchen die Namen Lara, Laura und Matilda im Trend während Emma, Nina und Hannah in der Gunst der Eltern stark gesunken sind. Bei den Knaben scheinen Alexander, Felix, Lionel und Noah im Kommen zu sein, wogegen Jan, Elia und Nico weniger beliebt waren.

Individualität – sich Abheben von der Masse – ist Trumpf. Dies erklärt wohl unter anderem, dass die Neugeborenen des letzten Jahres 2300 verschiedene Namen erhielten. Zwei Drittel dieser Vornamen wurden nur ein einziges Mal gewählt. Eine weitere Erklärung dieser Namensvielfalt liegt wahrscheinlich auch in der zunehmenden Globalisierung unserer Gesellschaft. Wenn die Welt nur ein Mausklick entfernt ist, klingen auch exotische Namen plötzlich nicht

mehr so fremdländisch. Hinzu kommen neue Kriterien bei der Namenswahl wie die Google-Kompatibilität. Wie viele Treffer liefert ein Vorname in Verbindung mit dem Nachnamen? Wenn es schon tausende andere Personen mit dem gleichen Namen gibt, kommt dieser Vorname nicht in die engere Wahl.

Die Namen werden kürzer. Die durchschnittliche Namenlänge – die Anzahl verwendeter Zeichen – hat in den letzten Jahren stark abgenommen. Vornamen mit 3 bis 5 Zeichen finden sich in den Hitlisten zuhauf. Längere Vornamen mit mehr als 7 Zeichen sind bei den Mädchen gar nicht in den Top 30 vertreten; bei den Knaben gibt es mit Alexander, Maximilian, Valentin und Jonathan immerhin deren vier.

Sind Sie auf der Suche nach einem Vornamen für Ihren Nachwuchs? Dann lassen Sie sich von den Vornamen im Verzeichnis inspirieren. Vielleicht geht es Ihnen auch so wie Myriam Leisi, die Ihren Sohn Linus Julius am 17. Mai 2009 zur Welt gebracht hat. Sobald die Mutter wusste, dass sie einen Jungen haben würde, nannte sie ihn für sich Linus. «Der Name kam aus dem Blauen, auf der Favoritenliste standen ganz andere». Linus strahlt Sie übrigens vom Deckblatt dieser Publikation an. Zusammen mit dem Tagesanzeiger hat Statistik Stadt Zürich ein Baby fürs Titelbild gesucht. Mit fast 2000 Leserstimmen hat Linus gewonnen. Auch sein Name steht auf der Liste der häufigsten Vornamen von 2009: nämlich auf Platz 24.

Namensgebung

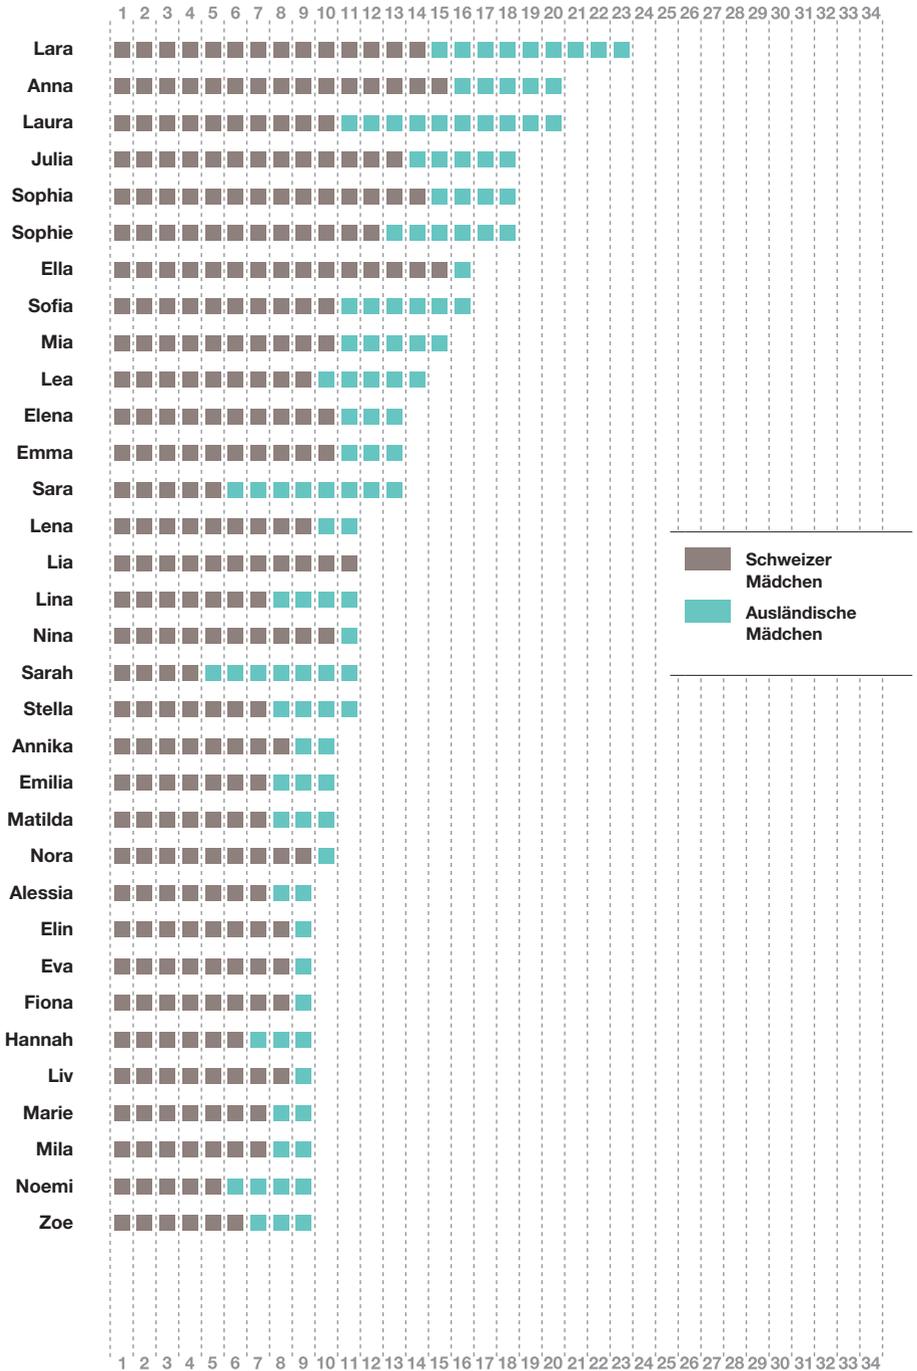

Sind die Eltern miteinander verheiratet, so bestimmen sie die Vornamen des Kindes; sind sie nicht miteinander verheiratet, so bestimmt die Mutter die Vornamen des Kindes.

Die Wahl der Vornamen ist grundsätzlich frei, jedoch dürfen die Interessen des Kindes nicht offensichtlich verletzt werden. Dies wäre beispielsweise der Fall, wenn der Vorname unzweifelhaft dem anderen Geschlecht zugehören würde oder bei der Wahl eines Städtenamens usw.
